MEMORANDUM FOR THE DIRECTOR: Via the Executive Director

1. This memorandum recommends action in Paragraph 4.
2. READER'S DIGEST asks if you will furnish this week a sanitized version of your testimony before the Selden subcommittee on subversion and sabotage training in Cuba for export throughout Latin America. In the May issue the DIGEST will have a story. The DIGEST has received a transcript of Secretary Martin's testimony; they would like to have a substantive quote from your testimony. The forms close this week so speed is important. I checked with [redacted] Legislative Counsel, last Friday and will now look at the transcript.
3. Due to the world-wide distribution of the DIGEST, reference to the DCI and CIA would show the intelligence community is alert to the situation and would be in the best interests of the DCI and the CIA. Congressman Selden says he understands the DCI will furnish him with a sanitized version for Press release.
4. RECOMMENDATION: That if the sanitized version is available this week, a copy be furnished the READER'S DIGEST; if it is not available this week, some quotes from the transcript be furnished the DIGEST, to be used as testimony given the Selden subcommittee by the DCI.
